MacKillop College
Graduate Mathematics Teacher

MacKillop is a Catholic co-educational College in the Josephite tradition, inspired by the vision of St. Mary of the Cross MacKillop.

We are committed to nurturing lifelong learners who engage authentically, embrace diversity, and strive for personal excellence in all aspects of life. As an innovative and future-focused College, MacKillop offers contemporary facilities, a dynamic curriculum, and comprehensive wellbeing programs designed to meet the diverse needs of approximately 1,820 students across Years 7–12.

About the role

We recognise that the transition from university to the classroom is an exciting stage in a teacher's professional journey.

At MacKillop, you will have the opportunity to build your confidence, strengthen your teaching skills and develop your professional identity while working alongside experienced and dedicated educators who are committed to supporting the growth of early career teachers.

As a Graduate Mathematics Teacher, you will be supported to develop engaging and purposeful learning experiences that foster students' conceptual understanding and appreciation of Mathematics as an essential life skill. Through your teaching, you will help students build confidence in numeracy, problem-solving, logical reasoning and analytical thinking, while encouraging curiosity, resilience and independence.

Our Mathematics curriculum is underpinned by strong curriculum design, explicit teaching and purposeful delivery. You will develop your skills in planning and delivering well-sequenced learning programs that respond to students' diverse learning needs. Through guidance and collaboration with experienced colleagues, you will explore effective teaching strategies and connect mathematical concepts to real-world applications.

At MacKillop, we encourage our graduate teachers to ask questions, share ideas and embrace feedback. You will be part of a collaborative team that values the contribution of emerging educators and recognises that great teachers continue to learn and grow throughout their careers.

Our community of talented educators is committed to preparing students for life both in and beyond school, through an engaging academic and behavioural curriculum. As a member of our team, you will contribute to a welcoming, inclusive and supportive learning environment where every student is encouraged to achieve their potential.

This is an exciting opportunity to commence your teaching career in a school that values your potential, supports your development and provides opportunities to grow as a confident Mathematics educator.

This is a permanent, full-time position; however, part-time applications will also be considered. The successful applicant will commence in Term 1, 2027.

Our ideal Candidate will have

- a passion for teaching mathematics and engaging students
- an ability to translate curriculum into engaging, real-world learning experiences that develop conceptual understanding, problem-solving skills, and confidence in numeracy
- creative ways to integrate evidence-based practice into our academic and behaviour curriculum, to improve educational outcomes
- a commitment to role modelling respect for every student's individuality and learning diversity need
- experience in using multiple teaching techniques and technologies to engage students in learning
- a commitment to collaboration and continuous innovation in the development of learning resources
- demonstrated ability to foster a welcoming and safe learning environment
- a commitment to work in a Catholic Education environment.

Benefits

- our welcoming and supportive culture based on Gospel Values and the Josephite tradition
- opportunity to shape the future for Catholic education in the community
- professional growth and career development within MacKillop College and Melbourne Archdiocese Catholic Schools
- empathetic staff wellbeing programs, including access to emotional support and counselling/debriefing
- contemporary learning facilities, across three campuses
- structured professional collaboration, including regular reflection on pedagogical practice
- access to a team of dedicated instructional coaches and teacher mentors
- free onsite parking, access to an onsite gym and discounted College fees

Application

To apply for this role please visit https://www.mackillop.vic.edu.au/information/employment/ and obtain an application form and position description. Applications must include:

- MacKillop College application for employment form
- a current Curriculum Vitae
- a covering letter, outlining your suitability for the position

Completed applications can be emailed to employment@mackillop.vic.edu.au

Applications close: 20 November 2026
