MacKillop College
Teacher: Business Management

MacKillop is a Catholic co-educational College in the Josephite tradition, inspired by the vision of St. Mary of the Cross MacKillop. We are committed to nurturing lifelong learners who engage authentically, embrace diversity, and strive for personal excellence in all aspects of life. As an innovative and future-focused College, MacKillop offers contemporary facilities, a dynamic curriculum, and comprehensive wellbeing programs designed to meet the diverse needs of approximately 1,820 students across Years 7–12.

About the role

We invite passionate educators at every stage of their career to join our vibrant community of dedicated teachers.

At MacKillop, our Business Management Teachers inspire students to explore the dynamic world of business, developing their understanding of how organisations operate, make decisions and respond to an ever-changing business environment. Through the study of key business concepts, students investigate entrepreneurship, exploring how business ideas are generated, developed and transformed into viable opportunities.

Our Business Management curriculum encourages students to investigate the relationship between the internal and external environments of a business and how these influence planning, decision-making and business success. Students explore business models, legal structures, staffing and the roles of business owners, while developing an understanding of the legal and government regulations that influence businesses during the planning stage. They also examine how societal values, beliefs, attitudes, behaviours and emerging trends shape business opportunities and influence the way organisations operate.

Through engaging learning experiences, students develop the ability to analyse business information, evaluate management decisions and consider the challenges and opportunities facing contemporary organisations. By connecting theoretical knowledge with real-world business examples and current issues, students build valuable skills in critical thinking, problem-solving, decision-making and commercial awareness.

At MacKillop, our talented educators are committed to preparing students for life beyond school through an engaging academic and behavioural curriculum that fosters knowledge, practical skills, creativity, independence and a strong sense of responsibility.

This is a permanent, full-time position; however, part-time applications will also be considered. The successful applicant will commence in Term 1, 2027.

Our ideal Candidate will have

- demonstrated experience and confidence in delivering Business Management curriculum
- the ability to develop students' understanding of entrepreneurship, business planning and the processes involved in developing viable business ideas
- a capacity to design engaging and authentic learning opportunities that connect business concepts with real-world organisations, contemporary business practices and emerging industry trends
- a strong understanding of business operations, internal and external business environments, business models, legal structures, staffing and the regulatory requirements affecting businesses
- creative ways to integrate evidence-informed teaching practices into our academic and behavioural curriculum, fostering curiosity, innovation and independent thinking
- a commitment to recognising and respecting every student's individuality, abilities and learning needs
- a commitment to collaboration in the development of curriculum and learning resources
- a commitment to working in a Catholic Education environment.

Benefits

- our welcoming and supportive culture based on Gospel Values and the Josephite tradition
- opportunity to shape the future for Catholic education in the community
- professional growth and career development within MacKillop College and Melbourne Archdiocese Catholic Schools
- empathetic staff wellbeing programs, including access to emotional support and counselling/debriefing
- contemporary learning facilities, across three campuses
- structured professional collaboration, including regular reflection on pedagogical practice
- access to a team of dedicated instructional coaches and teacher mentors
- free onsite parking, access to an onsite gym and discounted College fees
