

MacKillop College

Teacher: Digital Technology

We are a Catholic Coeducational Secondary College with two campuses, set on approximately 20 hectares of beautiful gardens and playing fields. MacKillop is a college in the Josephite tradition, inspired by the spirit of St Mary of the Cross MacKillop; we invite passionate engagement in lifelong and authentic learning, respect diversity and support every person in the pursuit of excellence.

MacKillop is an innovative learning community offering contemporary facilities, a vibrant curriculum and supportive wellbeing programs that are respectful and responsive to the individual needs of approximately 1,730 students from Years 7-12.

About the role

We invite passionate educators at every stage of their career to join our vibrant community of dedicated Teachers.

We are seeking a student-centred Teacher who can connect curriculum, creativity, and practicality in the classroom and engage our students to support their building of knowledge, skills, and confidence to thrive in a digital world. Our Digital Technology curriculum strives to cultivate students who are confident users of technology, in addition to being conscientious digital citizens.

Students will design and develop digital solutions using a range of programming languages and platforms and develop the capacity to define problems, design solutions, and evaluate outcomes. Your teaching will reflect a commitment to explicit instruction, differentiation, and formative assessment, ensuring that all students are both supported and challenged. Students will develop the ability to critically engage with data, understand the architecture of digital systems, and operate with a strong awareness of cybersecurity, privacy, and ethical participation in digital environments.

Our community of talented educators strives to prepare their students for life both in and outside of the classroom through the delivery of an engaging academic and behavioural curriculum filled with learning experiences designed to encourage every student to achieve their personal and academic potential.

This is a permanent, full-time opportunity however, part-time applications will also be considered. The successful applicant can commence Term 3, 2026.

Our ideal Candidate will have

- creative ways to integrate evidence-based practice into our academic and behaviour curriculum, to improve learning outcomes
- deep digital dexterity and a passion for technology education
- experience in design and development of digital solutions using a range of programming languages and platforms
- an excellent understanding of the principles of cyber safety, cybersecurity, and digital citizenship
- a commitment to role modelling respect for every student's individuality and learning diversity need
- a demonstrated ability to foster a welcoming and safe learning environment
- a commitment to work in a Catholic Education environment.

Benefits

- our teachers are invited to regularly reflect upon and strengthen their pedagogical practice
- our welcoming and supportive culture based on Gospel Values and a pastoral approach towards educator and student wellbeing
- contemporary learning facilities, across two campuses
- professional collaboration and support, including access to a team of dedicated instructional coaches and teacher mentors
- future career opportunities with our new K-12 campus in Wyndham Vale opening 2027.

Application

To apply for this role please visit <https://www.mackillop.vic.edu.au/information/employment/> and obtain an application form and position description. Applications must include:

- MacKillop College application for employment form
- a current Curriculum Vitae
- a covering letter, outlining your suitability for the position

Completed applications can be emailed to employment@mackillop.vic.edu.au

Applications close: 5 June 2026
